## BFI Niederösterreich

### Basisbildung in der Initiative Erwachsenenbildung

In this project, BFI Niederösterreich organises three basic skills modules of 112 lessons each. Participants have the opportunity to improve their command of German and their ICT skills, which will help them to be more socially engaged in Austria. To start with, in a comprehensive first phase, the current level of skills and knowledge is determined and an individual educational plan – including precisely defined goals – is drawn up together with each participant. Following this phase, the use of a variety of teaching methods, coaching at regular intervals and advice on learning strategies (“learning how to learn”) facilitate achieving the jointly goals in the best possible way.

### **Basisbildung – Sicher im Alltag, fit für Ausbildung und Beruf**

This basic skills training course aims to build on existing competences of persons in need of basic skills training so that they feel more confident in dealing with daily life and, after the course, make use of other educational opportunities (above all courses to catch up on compulsory schooling), or enter the labour market. Following an orientation phase, the participants refine their learning competences, in order to acquire, as independently as possible, basic skills in reading, writing, maths and ICT. Practice-oriented consolidation modules, together with intensive educational counselling and career guidance, help the participants choose the training or career path that is right for them.

## Pole Position

### Startklar für den Arbeitsmarkt

The Pole Position project of BFI Tirol promotes the participants' sustainable integration into the national labour market. It includes job-oriented foreign language courses for nursing and care staff, for the trade and sales sector as well as for catering and engineering staff, in addition to preparatory/qualification courses for elementary teachers, assistant electricians, and crane and forklift operators, so as to enable them to find employment in their fields of work or to start further specialised training. They can acquire German language skills for their jobs as well as job-related basic skills, they receive practical training and gain insights into everyday work routines. Finally, individual counselling is offered to foster the participants' self-assurance in labour market contexts, and for their further education and training.
